Principal's Message

Dear Lincoln Families,

I'd like to welcome you to the Abraham Lincoln Elementary Annual School Accountability Report Card and thank you for taking the time to explore it. As principal, I could not be more proud of our school. I am honored to have the opportunity to share the basis for such pride with you. The School Accountability Report Card is a required component of every school in California. The purpose of this report card is to afford you further insight into the quality educational program we offer.

It is the belief of Abraham Lincoln Elementary School that students can and will excel in an environment that is tailored to their evolving needs, and conducive to all facets of the learning process. It is due to this belief that we have been able to successfully develop a comprehensive educational program that celebrates and promotes ethnic and cultural diversity, team work, and social, emotional and intellectual growth. We strive to provide students with not only the stimulation and encouragement to accomplish great things, but the means to do so as well.

In our long-standing tradition of excellence, we maintain our commitment to students, parents, community members, and staff to provide the best educational experiences possible. We renew this commitment yearly in hopes that together, we will continue to improve our effectiveness in edifying students of today, preparing them to become productive citizens of tomorrow. It is in light of this fact, that we welcome any suggestions, ideas, or comments you may have.

Thank you for assisting Abraham Lincoln Elementary School in making our students' experience here not only a memorable one, but an enjoyable one.

-- *Melissa Stephan*
Principal

Mission Statement

The Abraham Lincoln Elementary School, a unique partnership of parents, teachers, and students ensures that each child builds a strong academic foundation through a broad base of experiences in a nurturing environment in order to make responsible decisions and excel in an ever-changing world.

Community & School Profile

The City of Glendale, the third largest city in Los Angeles County, is situated on the eastern border of the San Fernando Valley at the base of the Verdugo Mountains - only 8 miles north of downtown Los Angeles. Embracing cultural diversity, 50 percent of the city's 200,000 residents were born outside the United States, challenging local educational agencies to offer and support over 60 foreign languages. National studies, residents, and realtors concur that Glendale's reputation for picturesque neighborhoods, excellent schools, commercial industries, shopping facilities, strong municipal agencies, and its multitude of local attractions are motivating factors to families moving to the valley. Community pride and involvement are strong forces responding to educational issues, non-profit causes, and city developments.

Glendale has become one of the largest financial, commercial, retail, and motion picture animation centers, featuring many large corporations such as Nestlé USA, Walt Disney Imagineering, Walt Disney Stores, DreamWorks SKG, International House of Pancakes, Cigna Healthcare, KABC-TV and Warner

Bros. Animation. The quaint downtown area of the city is unique for its social environment, beautiful landscaping, and dramatic towering office buildings.

The Glendale Unified School District is proud of its excellent quality of education and award winning schools. Its commitment to providing safe and effective learning environments for students is unmatched. The district serves approximately 30,000 students in its 20 elementary schools, four middle schools, five high schools, and two special schools. Year-round and traditional calendar systems, complimented by a variety of creative programs, provide Glendale parents and students many choices for individual needs and achievements.

The Abraham Lincoln Elementary School community is located in the La Crescenta area of Glendale, serving over 500 kindergarten through sixth grade students. Operating on a traditional calendar system, the educational programs are designed to provide the skills and tools necessary for students to explore their creativity while developing a strong educational base.

Discipline & Climate for Learning

Students at Abraham Lincoln Elementary School are guided by specific rules and classroom expectations that promote respect, cooperation, courtesy, and acceptance of others. The school's discipline philosophy promotes a safe school, a warm, friendly classroom environment, and demonstrates that good discipline is a solid foundation on which to build an effective school. The goal of Abraham Lincoln Elementary School's discipline program is to provide students with opportunities to learn self-discipline through a system of consistent rewards and consequences for their behavior. Parents and students are informed of discipline policies at the beginning of each school year through classroom orientation and individual student handbooks.

The district annually provides a Student Conduct Code for each of its sites which is supplemented by a set of behavioral standards developed by Abraham Lincoln Elementary School. The program's design establishes guidelines to provide students with a meaningful, productive, and enjoyable school experience. Appropriate behavior is encouraged through praise and motivational incentives, as well as assertive discipline and conflict resolution tools to further develop personal growth.

Building a positive self-image, as well as respect for others, is important to a student's success. Glendale Unified School District supports the philosophy that students who have high self-esteem are more likely to become productive citizens and resist temptations such as abusing alcohol and dangerous drugs. The district participates in the Glendale Character and Ethics Project, a character education program that provides a strong link between the schools and the community. The project highlights one "guiding word" per month, including respect, honesty, self-discipline, citizenship, and responsibility. Glendale Character and Ethics teaches children to consider the consequences of their actions, encouraging them to choose behaviors that benefit themselves and others.

Certificates, ribbons, prizes, and various other awards are given to students at assemblies and special presentations throughout the school year. Activities, honors, and programs include:

- Good Citizenship Award
- Paws of Praise
- Perfect Attendance

Special recognition is given for specific accomplishments and levels of achievement:

- Presidential Physical Fitness Awards
- Presidential Academic Achievement Award

Abraham Lincoln Elementary School has not expelled any of its students during the past three years; expulsions occur only when required by law or when all other alternatives are exhausted.

	Lincoln			GUSD		
	00	01	02	00	01	02
Suspensions (#)	18	8	10	4,444	3,647	3,425

Expulsions (#)	0	0	0	40	47	40
Expulsions (%)	0.00	0.00	0.00	0.13	0.16	0.13

Enrichment Activities

Students are encouraged to participate in the school's additional academic and extracurricular activities that are an integral part of the educational program. These schoolwide and classroom incentives promote positive attitudes, encourage achievement, and aid in the prevention of behavioral problems. Activities, clubs, and programs include:

- After-School Programs
- After-School Armenian Program
- After-School Spanish Class
- Student Council
- Conflict Managers

Homework

Abraham Lincoln Elementary School feels homework is a fundamental part of the learning process that helps to develop basic academic and study skills, as well as promote student responsibility and self-discipline. Homework is assigned on a regular basis for all grade levels and major subject areas. Each teacher determines the appropriate measure of homework for his or her students. Students are expected to complete their homework assignments in a timely manner and to the best of their ability. Parents are encouraged to provide a supportive environment for homework activities and to review homework assignments with their child.

School Enrollment & Attendance

Student enrollment over the past three years at Abraham Lincoln Elementary School has decreased by 1.1%. Schoolwide enrollment at the beginning of the 2001-02 school year was 542 students. Abraham Lincoln Elementary School is a school of choice and accepts students from neighboring districts provided space is available and class sizes do not exceed the school's maximum allowable class size.

Regular attendance at Abraham Lincoln Elementary School is a necessary part of the learning process and is critical to academic success. Attendance, tardy, and truancy policies are clearly stated,

consistently enforced, and consequences fairly administered. Parents are advised of their responsibilities, including proper notification of why and when students are absent. Independent study is available for students who require extended leaves from school. School districts receive financial support from the state for the education of the students they serve based on how many students attend school each day. Student attendance is carefully monitored to identify those students exhibiting excessive absences. During the 2001-02 school year, the actual attendance rate for all grade levels for Abraham Lincoln Elementary School was 96.90%.

Glendale Unified School District's School Attendance Review Board (SARB) is composed of parents, representatives from the school district, and members of the community, including representatives from law enforcement, welfare, probation, and mental health agencies. Students are referred to SARB when they have persistent attendance and behavior problems in school, and when the normal avenues of classroom, school, and district counseling are not effective. The members of the SARB, the referred students, and their parents or guardians meet regularly to evaluate the student's situation and recommend alternative solutions to alleviate circumstances that contribute to specific truancy, attendance, or behavior problems.

Class Size

Abraham Lincoln Elementary School maintained a schoolwide average class size of 24 students and a student/teacher ratio of 23:1 for the 2001-02 school year. The ratio of students per teacher varies by grade level.

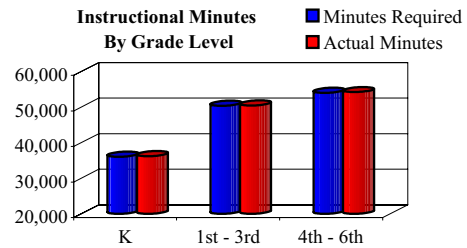

In 1996, state legislature approved implementation of the Class Size Reduction (CSR) program that provides funding to hire additional teachers to assist schools in reducing K-3 class sizes. At the beginning of the 2001-02 school year 100% of all K-3 classrooms participated in this program.

Instructional Time

During the 2001-02 school year, all instructional time offered at Abraham Lincoln Elementary School either met or exceeded state requirements. Students in kindergarten through third grades receive music instruction, fourth through sixth grades receive art instruction and all students receive instruction in computer science in addition

to the core subjects. Abraham Lincoln Elementary School provides instruction for kindergarten through sixth grade in a self-contained classroom environment, where students receive all instruction by a homeroom teacher.

For the 2001-02 school year, Abraham Lincoln Elementary School offered 180 days of instruction comprised of 175 regular days and 5 minimum days. Minimum days were used for Back-to-School, Open House, report preparation, the last day of school, and parent conferences. Each Tuesday is a "Banking Day." Students are dismissed from school one hour earlier in the afternoon. The "Banking Days" allow teachers additional time for grade level meetings, full faculty meetings, staff development and classroom planning.

Textbooks & Instructional Materials

Abraham Lincoln Elementary School sets a high priority upon ensuring that sufficient and current textbooks and materials are available to support the school's instructional program as well as provide students with their own textbooks. All textbooks and instructional materials used within the school are aligned with the California State Content Standards and Frameworks, as well as the school's curriculum council standards. Glendale Unified School District follows the State Instructional Materials Adoption Cycle, which reviews instructional materials in each curricular area within a seven-year cycle.

Subject/ Year Adopted Series	Grades
Language Arts 1998 Harcourt Brace: <i>Signatures</i>	K-6
Mathematics 1997 Everyday Learning Corp.: <i>Everyday Mathematics</i>	K-6
History/Social Studies 2000 McGraw Hill: <i>Adventures in Time and Place</i>	K-6
Science 2000 Holt, Rinehart & Winston: <i>Earth Science</i>	6
2001 Harcourt Brace: <i>Harcourt Science</i>	K-5

Each textbook is formally adopted by the Board of Education following a comprehensive review process. A committee consisting of administrators and teachers establishes selection criteria based on state standards, reviews instructional materials on the state list, and makes recommendations to the Board of Education for final adoption.

The school's library is stocked with thousands of books that are available for students to check out. The school's library contains a large collection of videos and audio tapes for classroom use that tie into curricular areas of study. Computer resources within the library are connected to the Internet so students are able to access resources and information on-line.

Computer skills and concepts integrated throughout standard curriculum prepare students for technological growth and opportunities. Students receive computer-assisted instruction on a regular schedule. Software includes programs to develop critical thinking skills, technological skills, and mathematical proficiency.

Abraham Lincoln Elementary School's website provides a variety of resources and information for parents, staff, students, and community members.

Student Achievement & Testing

Various measures of student achievement are used as an ongoing part of the quality instructional program at Abraham Lincoln Elementary School. These assessments are used to measure student progress and evaluate the effectiveness of the instructional program.

In addition to the academic measurements given by the State of California, the school and the district provide other assessments to determine the progress of each individual student. Students in grades K-6 are evaluated based on the results of Writing and Math Benchmark tests administered each trimester and their report card grades in Reading, Writing, and Math. Kindergarteners also participate in a district-developed kindergarten inventory. Students in grades 2-6 are evaluated on state standardized tests, trimester Reading tests, Writing and Math Benchmark tests, and report card grades in Reading, Writing and Math. Annually, the district evaluates results on these assessments to determine whether each student is meeting the district's grade level standards.

Meeting Grade Level Standards % of Students At or Above Proficiency						
Language Arts			Math			
00	01	02	00	01	02	
76	76	84	75	80	85	

Standardized State Testing

Abraham Lincoln Elementary School participates in California's mandatory Standardized Testing and Reporting Program (STAR) which utilizes the Stanford Achievement Test Series (SAT-9), California Standards Test, and the Spanish Assessment of Basic Education (SABE). The SAT-9 measures achievement based on student comparison; the California Standards Tests aid in determining the level of individual student comprehension and knowledge of skills required by the California Content Standards for each grade or course.

Physical Fitness

In the spring of each year, Abraham Lincoln Elementary School is required by the state to administer a physical fitness test to all students in fifth grade. The physical fitness test measures each student's ability to perform fitness tasks in six major areas. Students that either meet or exceed the standards in all six fitness areas are considered to be physically fit or in the 'healthy fitness zone' (HFZ).

Due to irregularities in testing procedure, the scores cannot be disclosed.

**Scored at or above the interim Statewide Performance Target of 800.*

Only numerically significant subgroups for each reporting period are required to be presented in this report card. Numerically significant subgroups are comprised of (1) at least 100 students with valid test scores or (2) at least 15% of the school population tested and contains at least 30 students with valid scores.

Academic Performance Index

The Academic Performance Index (API) is one of three components of the Public Schools Accountability Act (PSAA) passed in 1999. The API measures school performance, sets academic growth targets, and monitors growth over time. If a school meets its growth targets, including subgroup targets, it may be eligible to receive monetary and non-monetary awards.

The API Scale is 200-1000; calculations for which only include scores for students in the district the prior school year. Rankings are presented in deciles (high of 10, low of 1), each of which contains 10% of all schools. The growth target is equal to 5% of the difference between the current API and the interim Statewide Performance Target of 800.

The Immediate Intervention/Underperforming Schools Program and the Governor's Performance Award Program are the remaining two components of the PSAA. Due to specific criteria, including API and SAT-9 results, Abraham Lincoln Elementary School qualified to participate in the 2000-01 Governor's Performance Award program, receiving \$15,785 for schoolwide use.

School Facilities & Safety

Abraham Lincoln Elementary School provides a safe, clean environment for students, staff, and volunteers. The campus includes 28 classrooms, a cafeteria, an auditorium, a library, a computer lab, grassy fields, and blacktop playground. Facilities cover 51,446 square feet of the 4.5-acre site. The school is up-to-date and provides adequate space for students and staff. A team of two custodians, split into a day and evening shift, ensures classrooms, restrooms, and campus grounds are kept clean and safe. A scheduled maintenance program is administered by the Glendale Unified School District to ensure that all classrooms and facilities are maintained to a high degree of adequacy that provides for good learning.

Measure K funds paid for the following improvements at Abraham Lincoln Elementary in the last two years:

- Ceiling, lighting, and electrical upgrades
- Heating and air conditioning upgrades
- Computer networking and wiring for Internet access

This year, Measure K funds will be used for restroom renovations and modifications to the administrative offices and school entrance. Work is scheduled to begin in fall of 2002.

Abraham Lincoln Elementary School is a closed campus. All visitors are required to sign-in at the school's office and to wear visitor badges during their stay. While the school welcomes visits by parents and community members, anyone wishing to be on campus during school hours should notify school staff ahead of time. Visits are restricted at certain times of the year to minimize classroom disruption during activities such as SAT-9 testing. Before and after school and during lunch teachers and noon aides supervise the campus and ensure student safety.

A Comprehensive School Safety Plan was developed by the school staff in order to comply with Senate Bill 187 of 1997. The plan provides students and staff a means to ensure a safe and orderly learning environment. Components of the Comprehensive School Safety Plan include the following:

- Child abuse reporting procedures
- Teacher notification of dangerous pupils procedures
- Disaster response procedures
- Procedures for safe entering to, and exiting from, school
- Sexual harassment policy
- Suspension and expulsion policies
- Dress code
- Discipline policies

School and district personnel evaluate the plan annually and update the plan as needed. The plan was updated and submitted for Board approval in the spring of 2002 and reviewed with school staff at the beginning of the 2002-03 school year. A copy of the plan is available to the public at the district office.

Counseling & Other Support Services

It is the goal of Abraham Lincoln Elementary School to assist students in their social and personal development, as well as academics. The district provides special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision-making or handling peer pressure. The principal coordinates the counseling and support services.

Counseling and Support Services Staff

**FTE = Full-Time Equivalent*

Teacher Assignment

Glendale Unified School District recruits and employs the most qualified credentialed teachers. For the 2001-02 school year, Abraham Lincoln Elementary School had 23 fully credentialed teachers who met all credential requirements in accordance with State of California guidelines.

Teacher Credential Status	1999-00 2000-01 2001-02		
	Fully Credentialed	25	24
Emergency Permits	1	1	1
Without Credentials	0	0	0
Intern Credentials	0	0	0
University Interns	0	0	0
District Interns	0	0	0
Working Outside Subject	0	0	0
Total Teachers	26	25	24
Average Years Teaching	15.4	15.6	14.4
Average Years in District	13.8	13.6	12.8

Abraham Lincoln Elementary School supports efforts made by teachers and other certificated school staff in attaining additional education and training through local colleges and universities for their personal growth, as well as for the benefit of the school. During the 2001-02 school year, certificated staff consisted of 25 employees: 36 percent with 30+ additional units beyond their bachelor's degree and 52 percent holding advanced graduate degrees, such as a masters or doctorate degree.

Specially trained staff who provide additional instruction or services include:

- Chorus Teacher
- Physical Education Teacher
- Physical Education Aide
- Orchestra Teacher
- Special Day Class (SDC) Teacher
- English as a Second Language (ESL) Specialist
- Classroom Aides
- Computer Aide
- Resource Specialist Program (RSP) Aide
- Librarian Aide
- Child Development Center (CDC) Teachers
- Recreational After School Program Teachers

Glendale Unified School District assigns a technology teacher specialist to each 'cluster' of schools.

Teacher Evaluation

A constructive evaluation process promotes quality instruction and is a fundamental element in a sound educational program. Evaluations and formal observations are designed to encourage common goals and to comply with the state's evaluation criteria and district policies. Temporary, probationary, and non-credentialed teachers are evaluated annually. Permanent teachers are evaluated every other year. Provisions exist for qualified tenured teachers who meet specific criteria to be evaluated every third year. Evaluations are conducted by the principal who has been trained and certified for competency to perform teacher evaluations.

Evaluation criteria in the Glendale Unified School District Standards for Educators include:

- Engaging All Students In The Learning Process
- Understanding and Organizing Content Knowledge for Student Learning
- Assessing Student Learning To Determine Instruction
- Creating and Maintaining an Effective Environment for Student Learning
- Planning Instruction and Designing Effective Learning Experiences for All Students
- Developing as a Professional Educator
- Fulfilling Professional Responsibilities

Substitute Teachers

Glendale Unified School District has not experienced any difficulties retaining qualified substitute teachers. On rare occasions when a substitute teacher is not available for an absent teacher, credentialed staff or administrators take the role of the substitute. Substitute teachers must hold a Bachelor's degree and have successfully passed the California Basic Educational Skills Test. A pool of over 300 qualified substitutes is available to Glendale's schools.

Training & Curriculum Development

The Glendale Unified School District provides high-quality professional development to promote powerful teaching and learning. Professional development in the district focuses on standards-based instruction and strategies to promote literacy and critical thinking skills in all subject areas. There is also an emphasis on using data effectively to plan instruction and working collaboratively to improve instruction by analyzing student work. The district schedules three staff development days annually.

Throughout Glendale Unified School District's elementary schools, curricula in all of the core content areas have been aligned with the state standards, and a standards-based grading and reporting system has been adopted. The Glendale Unified School District adopted new materials in science, grades K-6, during the 2000-01 school year. Implementation of the curriculum for the science adoption continued during the 2001-02 school year.

Abraham Lincoln Elementary School Curriculum Study Committees meet regularly to review course content in the various subject areas, recommend the adoption of new courses and textbooks, and discuss methods of assessing student progress.

To ensure that curriculum is implemented in the most effective manner, the school and the district provide teachers with opportunities to acquire needed knowledge, upgrade skills, and develop professionally. Abraham Lincoln Elementary School prepares a staff development plan that is aligned with district strategic targets, and which uses a

variety of resources to assist teachers in refining instructional practice. During the 2001-02 school year, staff development focused on ways to develop students' writing skills. Other staff development focused on Reading and Language Arts subject areas.

Abraham Lincoln Elementary School participates in district and school inservices that are based on research and established learning theories. Staff members build teaching skills and content knowledge by participating in many conferences and workshops throughout the year and then sharing their experiences and knowledge with district colleagues. Abraham Lincoln Elementary School further supports teachers and paraprofessionals by participating in the following district programs:

- The Peer Assistance and Review (PAR) program utilizes Consulting Teachers to help veterans to refine subject matter knowledge and instructional strategies.

During the 2001-02 school year, over 150 new teachers and paraprofessionals participated in these the following programs:

- The Beginning Teacher Support and Assessment (BTSA) program is a two-year program that provides ongoing support from Consulting Teachers, with an emphasis on formative assessment and reflection. All activities are based on the California Standards for the Teaching Profession.
- The Pre-Intern Program prepares teachers not yet credentialed to demonstrate mastery of subject matter competencies.
- The Paraprofessional Teacher Training Program (PTTP) offers opportunities for teacher preparation and certification to education assistants. This program sponsors enrollment in required university courses and provides peer support and training.

Specialized Instruction

Glendale Unified School District's emphasis is on a well-balanced and rigorous core curriculum at all grade levels. Instructional programs are aligned with state and district standards. The district structures its educational program so that all students receive instruction appropriate to their learning level. Teachers use a variety of instructional techniques and supplemental instructional materials and programs to ensure the success of every student.

Glendale Unified School District recognizes that students with special gifts and talents need more challenging curriculum and instruction. The District's Gifted and Talented Education (GATE) program is offered to students capable of high levels of achievement. Students in the GATE program received differentiated instruction in their classrooms. In addition to district-sponsored GATE activities, Abraham Lincoln Elementary School provides after school activities for GATE students.

Abraham Lincoln Elementary School offers assistance and specialized instruction to students with special needs. The school uses research-based programs to provide targeted assistance to students falling below grade level. Paraprofessionals work with small groups of students with similar abilities in the classroom to enhance student understanding of subject material. After school tutoring also is offered to students needing additional assistance. Students in grades four through six may participate in the Glendale Preparatory

Academy, a districtwide summer program that provides additional learning opportunities for students having difficulty achieving grade level performance.

Paraprofessionals work with English Language Learners, using a modified curriculum to assist them with English Language Development.

The district's Special Education Program addresses the needs of those students with special needs through appropriate assessment, identification of problems areas, placement, and program implementation. The director of special education administers the program of the district and assigns a teacher specialist and a special coordinator to support the school principal and teachers. The director is also available to answer any questions and provide support to the principal and teachers. All work together to ensure that the needs of special students are being met.

School Leadership

Leadership at Abraham Lincoln Elementary School is a responsibility shared between district administration, the principal, school administration, instructional staff, students, and parents. The school's leadership team, comprised of teachers representing each grade level, meets regularly to discuss school policies and operations. The leadership also works with the School Site Council, providing input on school goals and programs.

Staff members and parents participate on various committees that make decisions regarding the priorities and direction of the educational plan to ensure instructional programs are consistent with students' needs and comply with district goals.

- School Site Council
- Literacy Team
- Parent Teacher Association
- Leadership Team
- Lincoln Foundation
- Individual Education Plan (IEP) Teams

The School Site Council, consisting of school staff and parents, is a major governing body that meets regularly to address programs and components that make up the school, to discuss the effectiveness and appropriateness of the various programs and components relative to the goals of the school, and to act as a communication liaison between the community and the school.

Abraham Lincoln Elementary School staff and administrators worked with the district in the spring of 2002 to revise the district's strategic plan, Glendale Schools 2005. The plan articulates the district's goals and values for all schools. Elements of the plan include: Standards, Assessments, and Accountability; Teaching and Learning; Professional Development; Connections and Communication; Leadership, Governance, and Finance; and School Climate, Safety, and Facilities.

Expenditures & Services Funded

For the 2000-01 school year, Glendale Unified School District spent an average of \$6,143 to educate each student (based on 2000-01 audited financial statements). The figures shown in the table below reflect the direct cost of educational services, per ADA, excluding food services, facilities acquisition and construction, and certain other expenditures. This calculation is required by law annually and compared with other districts statewide.

Current Expense of Education Per Student* 2000-01		
Glendale USD	Statewide Average	
	All Unified Districts	All Districts
\$6,143	\$6,414	\$6,360

**Ed-Data and California Department of Education, School Fiscal Services Division - J-200 Reports.*

In addition to general fund state funding, Glendale Unified School District receives state and federal categorical funding for special programs. For the 2000-01 school year, the district received approximately \$1,414 per student in federal and state aid for the following categorical, special education, and support programs:

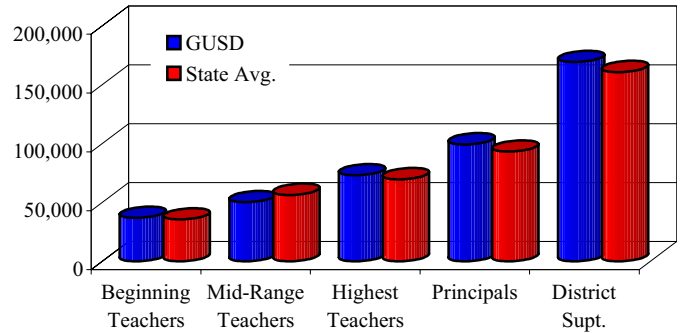

- Special Education
- EESA/Math & Science
- Drug/Alcohol/Tobacco
- Vocational & Applied Technology
- Gifted & Talented Pupils
- Home-to-School Transportation
- School Improvement Program
- Economic Impact Aid
- Reading & Math Programs
- Instructional Materials
- Staff Development
- Educational Technology Assistance Grants
- Year Round School Incentive
- School Based Coordination Program
- Class Size Reduction
- Healthy Start
- Peer Assistance and Review
- Tenth Grade Counseling

Salary & Budget Comparison

State law requires comparative salary and budget information to be reported to the general public. For comparison purposes, the State Department of Education has provided average salary data from school districts having greater than 20,000 average daily attendance throughout the state.
