

## SUPPLY LISTS – 2019-20

**REMEMBER TO LABEL YOUR CHILD'S  
PERSONAL BELONGINGS**

Listed below are supplies that we suggest students bring to class this year. This suggested list has been compiled based on needs identified to support the delivery of the curriculum. These supplies are not required, and full participation in the course does not require the purchase of any of these materials. State law requires us to provide a public education free of charge. Subject to certain exceptions, the right to a free public education means we cannot require students or their families to purchase materials, supplies, equipment or uniforms for any school activity, to pay security deposits for access, participation, materials, or equipment, or to make donations to a class, activity or program. Therefore, while this list suggests that students bring a number of items, they are voluntary. No student will be restricted from participation if they do not bring any of these supplies to school.
