FIELD TRIP - PARENT/GUARDIAN PERMISSION FORM

Field trips are important as they extend classroom learning experiences and give students opportunities to relate education to the world outside of school. However, field trips are voluntary and students are not required to attend. Alternate learning activities are provided for those students who do not go.

Location(s): Glendale Community College

This field trip will/will not involve swimming and/or water activities

Schools use site funds and/or donations to pay for the expense of field trips. The recommended per student donation is \$ 0.00 to cover all field trip expenses. No student will be excluded from a field trip held during instructional time due to lack of a donation.

In the event that you, or the other parent/guardian, cannot be contacted, you hereby give permission to the GUSD staff member to secure proper treatment for your child. You further understand that, under Section 35330 of the California Education Code, by giving permission for your child to attend the field trip you hereby hold harmless and waive all claims and liability against the Glendale Unified School District and its officers, agents, employees and volunteers for injury, accident, illness, or death during or by reason of this field trip.
