

Acts of Kindness and Service while Learning at Home

If you would like to continue working on your community service pin, or just want to help the community, here are some ideas.

Option 1: Kindness and Service

- **Participate** in daily acts of kindness.
- **Participate** in daily acts of service.

Keep a log of your activities (acts of kindness and service). You may include pictures, notes, drawings to show how you are being kind and helping others.

Option 2: Observe and Share Kindness and Hope

- Listen and watch for stories of kindness and hope in our community.
- Keep a journal of stories of kindness from your community. These could be things you have experienced, things you have read about, seen on a blog, post or on a news program.
- Reflect on how they have impacted you or others.
- Find a way to share your different stories. For example, make a video of all the different stories, create a google slide presentation of your findings, draw a comic strip or newspaper page with all your stories. Be creative! Have fun with this.
- Share your project through email with Mrs. Castagnari @lcastagnari@gusd.net
