

**THANK YOU FOR SUPPORTING GESF**

### **Our Mission Statement**

As a non-profit organization, the mission of GESF is to enhance the Glenoaks Elementary School experience for all students, parents and staff by supporting curriculum and building a sense of community. The philosophy is to educate the child through programs that enhance the core curriculum, expand the arts, integrate technology in the classroom, promote physical fitness and build a positive learning environment. GESF supports Glenoaks so it can maintain its tradition of academic excellence. GESF's sole purpose is to raise money to provide programs that the school could not otherwise sustain. All monies raised go directly to the school to benefit the students.
