2nd annual School Maker Faire at Franklin Magnet Elementary
1610 Lake St, Glendale, CA 91201

Date: Thursday, April 18, 2019 from 4:30 to 7:30 pm

International Foreign Language Academy:

- Elementary School K – 6th grade
- Approximately 600 students
- Unique 90:10 dual immersion programs
- Languages: French, Italian, German, Spanish
- Multilingual and multicultural curriculum

Mission statement:

To provide a rigorous and relevant multilingual and multicultural curriculum that prepares students with a strong foundation for future learning and 21st century career readiness.

Maker Movement:

- Cultural trend that places value on an individual’s ability to be a creator of things
- Individual who create things are called “makers”
- Diverse skill sets and interests
- Common factors: creativity, an interest in design and access to tools and raw materials

Goals of our School Maker Faire:

- Inspire students to be creative and curious
- Provide a venue for “makers” to share their hobbies, experiments and projects
- Exchange ideas and embrace learning to improve our communities
- To involve primarily students but also educators, parents and professionals
- https://makerfaire.com/global/school/

Make – Build – Design – Engineer – Create – Tinker – Play
