Dear Parent or Guardian,

This year, Glendale Unified School District is collaborating with Panorama Education to develop a research-based survey to gather actionable data on socioemotional learning at school sites. After careful review, the district has chosen the six topics below for the survey:

- Sense of belonging
- Safety
- Social awareness
- Self-efficacy
- Emotion regulation
- Growth mindset

The survey will be administered twice this year: once in the fall to generate baseline data and once in the spring to assess progress and growth. The data will be used to inform the planning of supports and interventions to ensure all students feel safe, welcome, and successful at their schools. You may request to review the survey at your student's school.

If you would like your student(s) to not take the survey, you may opt out by sending a letter to his/her school. Please include your student's full name, grade, and teacher or counselor name and be sure to sign the letter.

Best,

Dr. Stepan Mekhitarian
