

Dear Families,

Being a part of Franklin Magnet school brings unique experiences to your entire family that are far above and beyond the norm in public education. Most importantly, you chose to have your child learn in a second language.

That's why the Benjamin Franklin Elementary Foundation (BFEF) funds 100% of the cost of our Internship program, which provides in-classroom support by native language speaking interns and teaching assistants. Teachers say this support is absolutely crucial to their success. BFEF is a grassroots, non-profit foundation run by dedicated volunteer parents.

Please help us continue the amazing programs that our children and teachers depend on. We encourage participation from every family. Any amount will be appreciated!

Please go online to set up your monthly or one-time donation at franklin.fyi/donate.

BECOME A SUSTAINING BFEF SUPPORTER!

Monthly donations provide a reliable source of annual program funding.

\$10 per month donors will get a cool BFEF tote bag

\$50 per month donors will get the tote bag AND an invitation to an end-of-year party with our teachers and interns

BFEF is funded by parent contributions, which also pay for enrichment programs such as Gardening, Music, Ceramics, Robotics, Science Fair, Film Festival, keeping our campus "Green" and more.

These enrichment programs are NOT paid for by the school district, yet are essential to a well-rounded education for our children.

100% of your tax-deductible donation goes to the programs that help our children soar!

Please remember to request corporate matching funds if they are offered by your company.

We look forward to your support as we set off on the 2018-2019 school year!

Thank you! Danke! ¡Gracias! Grazie! Merci!
The Benjamin Franklin Elementary Foundation Board
