responsibilities shall be fulfilled by a school-wide advisory group or school support group conforming to the composition requirements of the school site council listed in the section "School Site Councils" above. (Education Code 64001)

The SPSA shall be developed with the review, advice, and certification of any applicable school advisory committees. (Education Code 64001)

(Education Code 52062, 64001)

The plan shall, at a minimum: (Education Code 64001)

1. Address how funds provided to the school through specified categorical programs will be used to improve the academic performance of all students to the level of the performance goals established by law.

3. Identify how state and federal law governing the categorical programs will be implemented.

In addition to meeting the requirements common to all applicable school plans, the SPSA shall address any content required by law for each individual categorical program in which the school participates.

In developing or revising the SPSA, the school site council or other school-wide advisory group or school support group shall:

which data summaries to include in the plan as most informative and relevant to school goals.

4. Define timelines, personnel responsible, proposed expenditures, and funding sources to implement the SPSA.

The school site council or other school-wide group shall regularly monitor the implementation and effectiveness of the SPSA and modify any activities that prove ineffective. At least once per year, the principal or designee shall evaluate results of improvement efforts and report to the Board, school site council, advisory committees, and other interested parties regarding progress toward school goals.
