SUMMARY OF PURPOSE OF FUNDS REQUESTED:

-- Clearly summarize what you would like to do, how you want W.A.V.E. to help, and the benefit of this project to students/school. Use additional pages, if necessary. –

Teachers must begin to teach science lessons aligned with the new science standards, NGSS. The district will not adopt a new textbook for a couple of years. Therefore, teachers must find ways to supplement their science curriculum.

Mysteryscience.com provides lessons, videos, and additional resources to teachers and students. "Mystery Science is aligned to the Next Generation Science Standards. Each Mystery is aligned to a topic, performance expectations, science and engineering practices, disciplinary core ideas, and crosscutting concepts."

Many teachers at Verdugo Woodlands are already using mysteryscience.com but are using individual, classroom subscriptions. Purchasing a school membership is much more cost effective.
