### SUMMARY OF PURPOSE OF FUNDS REQUESTED:

Clearly summarize what you would like to do, how you want W.A.V.E. to help, and the benefit of this project to students/school. Use additional pages, if necessary. –

Currently, each teacher prints his/her own class report cards. That is 25-36 report cards at least 3 times a year. The majority of these report cards are printed on the lab printer that also prints **ALL** classroom and student projects throughout the year. Our current lab printer is at least 3 years old. I would like to add another printer to the lab to share the heavy load, and plan ahead for the inevitable breakdown of our current overused lab computer.

Our color printer in the lab is currently broken. The color printer is not used as often as the black and white printer. However, it is nice to have the option to print in color for teacher and student final projects.

TIMELINE: Estimated Date Project Would Begin: \_\_as soon as approved

Date Project Would Be Completed: \_as soon as printers are delivered

TOTAL AMOUNT OF FUNDS REQUESTED:                   \$700

### BREAKDOWN OF SPECIFIC EXPENSES FOR THE PROJECT:

Approximately \$450 for a color printer and \$250 for the black and white printer
