NEWS ADVISORY

GUSD High Schools Rank Among Nation's Best by U.S. News & World Report

Glendale, CA - All four GUSD comprehensive high schools rank among the nation's best once again according to the U.S. News & World Report's 2019 Best High Schools ranking. All four schools - Clark Magnet, Crescenta Valley, Hoover, and Glendale High - rank in the top 25% of high schools nationally, with Clark Magnet and Crescenta Valley High ranking in the top 3%.

According to U.S. News & World Report rankings methodology, "the highest ranked U.S. public schools in U.S. News & World Report's 2019 Best High Schools rankings are those whose attendees demonstrated outstanding outcomes above expectations in math and reading state assessments, passed a diverse array of college-level exams, and graduated in high proportions." This year, U.S. News & World Report revamped their rankings methodology and reviewed more than 23,000 high schools, up from 2,700 in 2018.

"GUSD is a dynamic, high performing school district. Our talented teachers, classified staff, and administrators work tirelessly alongside our parents and community to provide an exceptional education for every student," said GUSD Interim Superintendent Dr. Kelly King. "The wonderful thing about GUSD is no matter which school our students attend they are sure to receive a top-tier education that prepares them for a bright future."
