SUMMARY OF PURPOSE OF FUNDS REQUESTED:

I would like to expand the music program at Verdugo Woodlands with a Modern Band Program that teaches popular through informal instruction.

Currently I have a set of approximately 40 Modern Band instruments including acoustic and electric guitars and basses that were obtained in part through a grant from Little Kids Rock. However, the guitars are stored in the back of the stage area where they are difficult to access and inventory and are subject to possible damage as they are stored on the ground.

I would like W.A.V.E to fund two rolling storage racks to house the stringed instruments so that I may inventory them, keep them secure over summer, and provide flexible access to our students.

If W.A.V.E provides the rolling carts, I can provide music instruction to a class of up to 36 students. I hope to eventually offer an afterschool class a class that includes popular music, improvisation, and songwriting. Little Kids Rock continues to provide training, support, performance opportunities, and discounted instruments as long as I maintain a program.
